Please initial box

1. I confirm that I have read and understood the information sheet dated 19/08/2003 (version 7) for the above study and have had the opportunity to ask questions.

2. I agree to having a physical examination and giving a sample of blood and urine for research in the ADDITION Study.

3. I agree that the samples I have given and the information gathered about me can be looked after and stored at Cambridge University for use in future projects aimed at identifying the causes of diabetes and its complications.

4. I understand the future research using the sample I give may include research into genetic influences on the causes of diabetes and its complications, but that the results of these investigations are unlikely to have any implications for me personally. I understand that I will not benefit financially if this research leads to the development of a new treatment or medical test.

5. I understand that my participation is voluntary and that I am free to withdraw at any time, without giving any reason and without my medical care or legal rights being affected.

6. I agree that my test results can be forwarded to my General Practitioner.
